

Equine Industry Professional

AHC30116 CERTIFICATE III IN AGRICULTURE

Course Summary

Do you already have some foundation skills with horses or are you already working in the horse industry or have some experience with horses and now you would like to gain a qualification so you can work at a higher level?

This course gives you the professional qualification to work in the horse industry and to take on a higher level of responsibility.

Depending on the electives chosen, you can also progress towards other courses.

How is this course delivered?

All theory lessons are delivered online through your secure web portal.

Practical assessments can be completed one of the following methods;

- By sending us videos (no charge)
- By attending a workshop with us (additional charge)
- Through a Third Party Report through one of our registered Equine Industry Experts (your current instructor may be able to be registered)

How long will my course take?

This course for your Equine Industry Professional qualifications has been designed for full time study, over 56 weeks (62 weeks including holidays).

However, it could take less time if you already have previous experience with horses.

Of course you may study part time if you like and your enrolment will be valid for up to one year. If you would like to re-enrol, simply contact us for your updated enrolment details.
